LICENSE RENEWAL INFORMATION

On July 1, 2007 Senate Enrolled Act 506 became effective, which changes the way the private investigator and security guard industries are regulated in the State of Indiana. A much more detailed letter is forthcoming for all currently active agencies, which outline these changes and will inform you of what this means for your regulated company. We ask that you carefully read and follow the directions in this letter and respond as soon as possible after receiving the letter.

The prior private detective license has been separated into two (2) professions (private investigator firm and security guard agency) and, as a result the Indiana Professional Licensing Agency (IPLA) will not be renewing the previously existing PD license.

Because SEA 506 gives each currently active private detective agency until December 31, 2007 to choose which profession they would like to operate as, this date has also been given as the current expiration date for all active private detective agencies. New licensure cards will not be issued. Our web site will show your **current expiration date as December 31, 2007.**

Should you have any questions or concerns, please do not hesitate to contact our office at (317) 234-3040 or by email at pla11@pla.in.gov

Thanks for your patience as we work diligently to make this transition as smooth and seamless as possible.
